The City of Gaithersburg Department of Parks, Recreation and Culture reserve the right to deny cache placement or recommend alternate placement.

CITY OF GAITHERSBURG  
DEPARTMENT OF PARKS, RECREATION AND CULTURE  
GUIDELINES FOR HIDING A CACHE

1. You must receive approval from the City of Gaithersburg Department of Parks, Recreation and Culture prior to placing a cache. To seek approval, you must submit the Cache Approval Form to the Director of Department of Parks, Recreation and Culture. In most cases, you will be advised of a decision within three (3) business days.
2. The City of Gaithersburg reserves the right to deny a cache. In some cases where a cache is not approved, the Department of Parks, Recreation and Culture may recommend a more appropriate location for placement.
3. A transparent container is required. DO NOT use PVC pipe, ammo cans or any other military-looking container that may cause alarm should an unsuspecting person happen upon the cache.

4. DO NOT dig any holes or disturb the surrounding environment. DO NOT attach caches to live trees or structures of any kind.
5. DO NOT place your cache in plain view. Attempt to conceal the cache to minimize the chances that a non-participant will spot it, which could lead to worry, theft or vandalism. Try to hide the cache off the beaten path by at least a few yards to provide the finder some measure of privacy to sign the log without arousing undue alarm.
6. Clearly mark the container with the appropriate identification, such as Geocaching.com and the name of the cache. Place a stash note inside explaining the sport to any non-participants who may discover the cache.
7. Think SAFETY when hiding and/or seeking a cache. Use common sense!
8. As a cache seeker or cache owner, you must abide by park hours and all other rules and regulations. Review all park ordinances (attached) and list on your website/information. Carry documentation such as the cache detail sheet, so that you can explain your activity to anyone who may ask.
